	5. Are you taking daily antiviral medications or, if less than 18, daily aspirin?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
	6. Have you had MMR, Varicella, MMRV, or yellow fever vaccine in the last 4 weeks?	<input type="checkbox"/> Yes	<input type="checkbox"/> No

Please note: The flu vaccination you receive today will be recorded in MIIC (the Minnesota Immunization Information Connection, the statewide immunization registry). Information in MIIC is confidential and will only be shared with organizations or persons authorized by law to receive it. If you do not want to participate in the registry, please call 1-800-657-3970. Vaccination will also be recorded in the GRHS Medical Record. If you have had recent chemotherapy, radiation therapy, or steroids (except inhaled), the vaccine effectiveness may be decreased. However, influenza vaccination is still encouraged. Flu vaccination is also strongly encouraged for any woman who is/will be pregnant or breastfeeding during influenza season. Vaccination can be safely given during any trimester.

☐ **YES, I consent to have the influenza vaccine. NOTE: Flublok is approved only for people 9yo or older.**
